in order to develop the above-described property and each lot and parcel therein contained as a residential area of high quality, does hereby declare and provide that all lots therein shall be subject to the following covenants, agreements, restrictions, reservations and conditions:

1. PURPOSE. The purpose of these restrictions is to insure the best use and most appropriate development and improvement of each building site therein, to protect owners of building sites against such use of surrounding building sites as will detract from the residential value of their property; to preserve, as far as is practicable, the natural beauty of said property; to guard against the erection therein of poorly designed or proportioned structures; to obtain harmonious use of material and color schemes; to insure the highest and best residential development of said property; to encourage and secure the erection of attractive homes thereon with appropriate locations thereof on building sites; to prevent haphazard and inharmonious improvement of building sites; to secure and maintain proper setbacks from streets and adequate free spaces between structures; and in general to provide adequately for a high type and quality of improvement in said property; and thereby preserve and enhance the values of investments made by purchasers of building sites therein.

2. LOT USE. All of the lots affected by these restrictions shall be known and described as residential lots and no structure shall be erected on any lot other than one single family dwelling with attached two-car garage as approved by the Architectural Control Committee provided for hereinafter. All structures shall be designed by a registered architect or a professional engineer or designer experienced in residential construction.

The said plans, specifications, and survey shall be submitted in duplicate and the A.C.C. approval or disapproval shall be in writing within 15 days thereafter. The A.C.C. shall have the right to waive infractions or deviations which, in the opinion of the A.C.C. may cause undue hardship. Any action by the A.C.C. shall be final and conclusive as to persons then or thereafter owning lots covered by these restrictions.

4. COMPOSITION OF ARCHITECTURAL CONTROL COMMITTEE. So long as the OWNER or its assigns shall own any of the lots covered by these restrictions, the A.C.C. shall be composed of three representatives of the OWNER.
