If you have information on these or any other incidents, contact the Muskego Police Department at 262-679-4130.

I Told You So

Okay, so I can't take credit for the warm weather we have been having, but I did tell you it would get here eventually. With that being said, those of you who are bound and determined to squeeze out as much winter sporting fun on the ice as you can need to be careful. This is the time of year when ice can be the most dangerous. It may look solid, but the integrity of the ice can be fatally compromised. Even if the temperature drops for a short period, it will not make the ice safer, just give people a false sense of security. How about if we all just agree that it is time to start that transition from snowmobile to jet ski, and wait for the water to open up. It will be here any time...I'm tellin' ya.

Another Couple of Weeks

Just a friendly reminder, don't let the nice weather fool you, winter parking restrictions remain in effect until April 1st. Parking is not permitted on any city streets between 3-7am.

DNR Boater Safety Course

These warm days we have been experiencing remind us of all the things we have to do to get ready for summer. One of them is making sure you have your DNR Boating Certificate if you own or plan on operating a boat this summer. Muskego police officers will be conducting boater safety training April 6 – 9, and again June 22 – 25. Check the City of Muskego Recreation Department website for details and to register, but you better hurry, seats are filling fast.

Familiar Faces in New Places

It seems that this is becoming a regular feature in our newsletter. We are pleased to announce that Officer Mike Rakers, a 25 year department veteran, has been selected to become our department's newest Community Resource Officer. Officer Rakers will take over the organization, coordination and presentation of our various community programs. He will ease in to the position, with an eye on having him working as our CRO full time sometime in May. I know he is excited to be involved with such great programs as our Neighborhood Watch, Citizen's Academy, National Night Out, Safety City, and so many more. We are also excited, and look forward to continuing our partnership with our neighbors in the community.

Until next time, have a good week, and stay alert and stay safe,

Capt. David Constantineau
